Aqshmar™ Project License

🛡 Terms of Use

This project is provided for educational, inspirational, and collaborative purposes only. It is **not a free-to-use open-source template**.

You **may**:

- Read, view, and understand the source code.
- Suggest changes or improvements via pull requests.
- Learn from the architecture, animations, and coding style.

You **may not**:

- Reuse the branding, name "Aqshmar", or any associated visuals (logos, images, fonts, text).
- Copy or clone this project for your own personal, public, or commercial use.
- Deploy this project (or its modified versions) under your own domain or Netlify/Vercel/etc.
- Claim this project as your own work or remove author/brand attributions.

🤝 Contributions

If you have ideas, suggestions, or improvements, you're welcome to open an issue or submit a pull request. All accepted contributions will be credited respectfully.

⚠ Legal Reminder

This codebase and its contents are the intellectual property of Aqshmar™ and Abdulrehman Gulfaraz. Any unauthorized use or branding theft will be considered a violation of IP rights.
